## Dssc Recruitment 2025/2026 Application Form Portal

### Description

We are currently seeking highly skilled and motivated individuals to join our team as Data Science and Software Engineering Specialists through the DSSC Recruitment 2023/2024. As a key member of our dynamic organization, you will contribute to cutting-edge projects and initiatives that leverage data science and software engineering to drive innovation and business success.

### Responsibilities

- Collaborate with cross-functional teams to understand business needs and develop data-driven solutions.
- Design, develop, and implement software applications, algorithms, and models to address complex business challenges.
- Analyze and interpret large datasets to extract meaningful insights and contribute to informed decision-making.
- Create and maintain scalable and efficient code for various applications, ensuring high performance and reliability.
- Stay abreast of emerging trends in data science and software engineering, incorporating new technologies and methodologies into projects.

### Qualifications

- Bachelor's or Master's degree in Computer Science, Data Science, or a related field.
- Proven experience in software development and data science, with a focus on machine learning, artificial intelligence, and statistical analysis.
- Proficiency in programming languages such as Python, Java, or R.
- Strong analytical and problem-solving skills.
- Excellent communication and teamwork abilities.
- Familiarity with big data technologies and frameworks is a plus.

### Job Benefits

- Competitive salary package.
- Comprehensive health and wellness benefits.
- Opportunities for professional development and continuous learning.
- Collaborative and inclusive work environment.
- Access to cutting-edge technology and tools.

### Contacts

Interested candidates should visit the DSSC Recruitment 2023/2024 Application Form Portal at [\[https://www.dssc.edu.ph/about-dssc/dssc-seal\]](https://www.dssc.edu.ph/about-dssc/dssc-seal) to submit their applications. Please include a resume, cover letter, and any relevant work samples.

Note: Only shortlisted candidates will be contacted for interviews.
