Duoiba Technologies Recruitment Limited Job Vacancies – Hiring Now 2025

Description

Duoiba Technologies Recruitment Limited is currently seeking highly motivated and skilled Software Engineers to join our dynamic team. As a Software Engineer, you will be responsible for developing, testing, and maintaining high-quality software solutions that meet our clients' needs. You will collaborate with cross-functional teams to deliver innovative and efficient software products.

Responsibilities

- Design, develop, and maintain software applications in collaboration with a diverse team of engineers.
- Write clean, efficient, and maintainable code following best practices and coding standards.
- Collaborate with product managers and stakeholders to understand and refine project requirements.
- Conduct code reviews, provide constructive feedback, and ensure code quality.
- Debug and troubleshoot software issues, ensuring timely resolution.
- Stay updated on industry trends and incorporate the latest technologies into projects.
- Contribute to the development of technical documentation.

Qualifications

- Bachelor's degree in Computer Science, Software Engineering, or a related field.
- Proven experience in software development, with a strong understanding of software design principles.
- Proficiency in programming languages such as Java, Python, or C++.
- Familiarity with web development technologies (HTML, CSS, JavaScript) is a plus.
- Experience with version control systems (Git) and collaborative development tools.
- Strong problem-solving skills and attention to detail.
- Excellent communication and teamwork abilities.
- Ability to adapt to evolving project requirements.

Job Benefits

- Competitive salary commensurate with experience.
- Health insurance coverage.
- Flexible work hours and remote work options.
- Professional development opportunities and continuous learning support.
- Collaborative and inclusive work environment.
- Employee wellness programs.
