IITA Careers Opportunities 2025 – Apply Now

Position Overview

We are currently seeking talented individuals to join our team at the International Institute of Tropical Agriculture (IITA). As a renowned research institution focused on improving agricultural productivity and enhancing food security in Africa, we offer diverse career opportunities for those passionate about making a difference. If you're eager to contribute your skills and expertise to impactful agricultural research and development projects, we invite you to apply for the following positions:

Roles:

- **Research Scientist:** Conduct research activities to develop innovative solutions for enhancing crop productivity and resilience to biotic and abiotic stresses.
- **Project Manager:** Lead and manage agricultural research projects, ensuring timely delivery of objectives and effective resource allocation.
- **Data Analyst:** Analyze agricultural data sets to derive insights and inform decision-making processes aimed at improving farming practices and outcomes.
- **Extension Officer:** Facilitate the dissemination of agricultural technologies and best practices to farmers, extension agents, and other stakeholders.
- **Communications Specialist:** Develop and implement communication strategies to raise awareness about our research findings, projects, and impact stories.

Knowledge:

- Strong understanding of agricultural science principles and methodologies.
- Proficiency in relevant software tools and techniques for data analysis, project management, or communication.
- Knowledge of tropical agriculture and familiarity with the challenges faced by smallholder farmers in Africa.
- Excellent communication and interpersonal skills.
- Ability to work effectively in multidisciplinary teams and collaborate with diverse stakeholders.

Bonuses:

- Competitive salary packages commensurate with experience and qualifications.
- Opportunities for professional development and training.
- Comprehensive benefits package including health insurance and retirement plans.
- Supportive work environment fostering innovation and collaboration.
- Potential for international travel and networking opportunities.
