Msf Kano Recruitment 2025/2026 Form Portal – Apply Now

Description

Médecins Sans Frontières (MSF) is a global humanitarian organization known for its commitment to providing medical care to those in need, particularly in regions affected by conflict, epidemics, and natural disasters. We are currently seeking a dedicated and experienced Medical Coordinator to join our team in Kano for the 2023/2024 recruitment cycle.

Responsibilities

- Oversee and coordinate all medical activities in the assigned project area.
- Develop and implement medical strategies to ensure the delivery of high-quality healthcare services.
- Provide technical support and guidance to the medical team, ensuring adherence to MSF protocols and standards.
- Collaborate with other departments to integrate medical services with overall project objectives.
- Manage and monitor the medical budget, ensuring efficient use of resources.
- Conduct regular assessments of health needs and contribute to the development of appropriate response strategies.
- Build and maintain positive relationships with local health authorities, partners, and communities.
- Participate in the recruitment, training, and supervision of medical staff.
- Ensure the proper functioning of medical facilities and equipment.

Qualifications

- Medical Doctor degree with a valid license to practice.
- Previous experience in a similar role with humanitarian organizations or international NGOs.
- Strong understanding of public health issues, particularly in crisis contexts.
- Excellent leadership and interpersonal skills.
- Ability to work in a multicultural and challenging environment.
- Fluency in English; knowledge of local languages is an asset.
- Willingness to travel and work in remote or insecure areas.

Job Benefits

- Competitive salary commensurate with experience.
- Comprehensive health insurance coverage.
- Opportunities for professional development and training.
- A supportive and collaborative working environment.
- Contribution to meaningful, life-saving work in the humanitarian field.
