## NPHCDA Recruitment Registration Application 2025

### Description

The National Primary Health Care Development Agency (NPHCDA) is seeking qualified candidates for the position of Registration Application Specialist. The successful candidate will play a pivotal role in the development and implementation of registration applications for various healthcare programs. This position offers a unique opportunity to contribute to the enhancement of the healthcare sector in Nigeria.

### Responsibilities

- Collaborate with cross-functional teams to design and develop registration applications for healthcare programs.
- Implement and manage robust data collection systems to ensure accurate and efficient registration processes.
- Conduct regular assessments to identify areas for improvement in registration applications and make necessary updates.
- Provide technical support to end-users and troubleshoot any issues related to the registration application.
- Collaborate with IT teams to ensure the security and confidentiality of sensitive registration data.
- Stay informed about industry trends and advancements to continuously improve registration application systems.
- Prepare and present reports on registration application performance and user feedback.

### Qualifications

- Bachelor's degree in Computer Science, Information Technology, or a related field.
- Proven experience in developing and managing registration applications.
- Proficiency in programming languages such as Python, Java, or C#.
- Strong analytical and problem-solving skills.
- Excellent communication and interpersonal skills.
- Knowledge of healthcare systems and data privacy regulations is a plus.

### Job Benefits

- Competitive salary package.
- Health insurance coverage.
- Professional development opportunities.
- Collaborative and inclusive work environment.
- Opportunity to contribute to the improvement of healthcare services in Nigeria.
