Oracle Recruitment – Jobs at Baker Hughes 2025

Description

Join Oracle, a global leader in cloud solutions and enterprise software, as a Database Administrator. As a vital member of our dynamic team, you will play a key role in managing and optimizing Oracle databases, ensuring their performance, security, and reliability. This position offers an exciting opportunity to work with cutting-edge technologies and contribute to the success of innovative projects.

Responsibilities

- **Database Management:**
 - Administer Oracle databases, ensuring efficient performance, security, and availability.
 - Implement and maintain database structures, tables, and schemas.
 - Troubleshoot and resolve database issues promptly.
- **Performance Optimization:**
 - Monitor and analyze database performance to identify areas for improvement.
 - Implement optimization techniques to enhance database efficiency.
- **Security and Compliance:**
 - Implement and enforce security policies to safeguard sensitive data.
 - Ensure compliance with industry standards and regulations.
- **Backup and Recovery:**
 - Develop and implement backup and recovery strategies.
 - Test and validate backup procedures regularly.
- **Collaboration:**
 - Collaborate with cross-functional teams to understand database requirements.
 - Provide technical support to application developers and end-users.
-

Qualifications

- Bachelor's degree in Computer Science, Information Technology, or a related field.
- Proven experience as a Database Administrator with expertise in Oracle databases.
- Strong knowledge of database architecture, design, and performance optimization.
- Familiarity with security best practices and compliance standards.
- Proficient in database backup and recovery procedures.
- Excellent problem-solving and troubleshooting skills.
- Effective communication and collaboration skills.
-

Job Benefits

- Competitive salary with performance-based incentives.
- Comprehensive health and wellness benefits.
