IAEA Requirements | Apply Online 2025

Description

We are currently seeking a highly qualified and motivated individual to join our team as a Nuclear Safeguards Inspector. As a key member of the International Atomic Energy Agency (IAEA), you will play a crucial role in ensuring the safe and secure use of nuclear technology worldwide. This is a unique opportunity to contribute to global nuclear non-proliferation efforts and make a meaningful impact on international security.

Responsibilities:

- Conduct on-site inspections of nuclear facilities to verify compliance with international safeguards agreements.
- Analyze and assess nuclear material accounting records and reports provided by inspected facilities.
- Collaborate with national authorities, facility operators, and other stakeholders to address and resolve safeguards-related issues.
- Provide technical expertise and guidance on nuclear safeguards and non-proliferation matters.
- Participate in the development and implementation of new safeguards measures and technologies.
- Prepare comprehensive inspection reports and contribute to the overall assessment of safeguards implementation.

Qualifications:

- Advanced degree in nuclear engineering, physics, or a related field.
- Minimum of 5 years of experience in nuclear safeguards, non-proliferation, or a relevant field.
- In-depth knowledge of international safeguards agreements and nuclear security concepts.
- Strong analytical and problem-solving skills, with attention to detail.
- Excellent communication and interpersonal skills, including the ability to work effectively in a multicultural environment.
- Proficiency in English; knowledge of additional languages is an asset.
- Willingness to travel frequently to conduct on-site inspections.

Benefits:

- Competitive salary commensurate with experience.
- Comprehensive health and dental insurance coverage.
- Retirement savings plan with employer contributions.
- Professional development opportunities and training programs.
- Generous annual leave and vacation benefits.

How to Apply:

Interested candidates are invited to submit their applications online through the [IAEA's official recruitment portal](#). Please include a detailed resume, a cover letter
